

Total Package price VS per person pricing on scheduled air and charter FIT bookings

When utilizing the "Average Per Person Price" radio button, for all FIT packages whether charter or scheduled air, please note the price directly next to the room category radio button is a hotel only rate. It is not the full package price. However, the price directly left of the yellow select button by the hotel's name, is the full package price and will change as you click on the various room category radio buttons. See the example below.
