## Adding when making a booking:

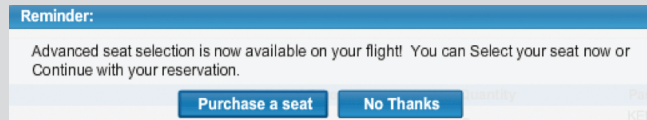

After entering all search criteria to book your exclusive vacation flight via Alaska Airlines

Complete your booking until you are on the recap screen. Select the **Select/Change Seat Icon** >>

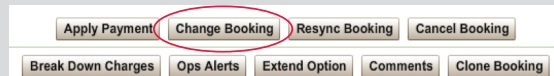

Prior screens have the icon **View Seats** – this shows available seats but does not allow you to select/change seats.

If you forget to make a seat selection you will receive a reminder >>

## Adding to an existing booking:

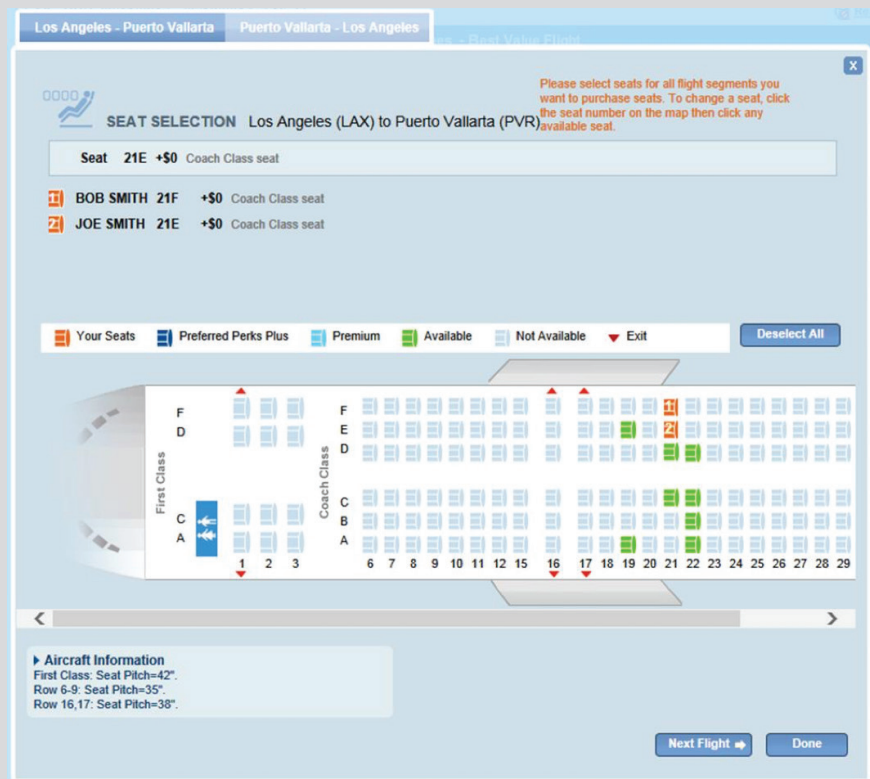

Pull up your booking and select **Change Booking** >>

The booking information will pull up, click continue until you see **“Save all Changes”** button.

Then locate and click **Select/Change Seats** under the flight details on the right hand side.

Once you selected a seat selection map will appear with available seats in **GREEN**.

1. **Select the complimentary seat selection by clicking on the green seat desired.**  
The seat will display passenger number and recap of seats chosen next to name.
2. Click **Next Flight** to add seats to the return flight
3. Select **Done** and will be returned to the recap screen
4. Select seat number will appear in the apple extra section
5. Click **“Save all changes”**
