

# **APPLE VACATIONS®**

## **A BETTER WAY TO BOOK – TRAVEL TECHNOLOGY FOR TODAY**

THE COUNTDOWN IS ON – A BETTER WAY TO BOOK IS COMING  
AT THE END OF NOVEMBER

**More new features. Stronger capabilities. And more reasons to make us your partner of choice, now that our booking engine will be powered by the Travvy Award-winning Best Travel Technology Provider Trisept Solutions.**

## WHAT YOU CAN LOOK FORWARD TO:

- An intuitive booking flow and design with quick access functions
- Individual AGENT log ins
- Engagement tools to connect with clients throughout the entire booking process
- Convenient easy to use availability calendar to search for all available Exclusive Vacation Flights offered in a month's time frame
- Hotel availability calendars to allow more options for flexible date travelers
- Generating personalized email quotes embedded with your agency logo
- Sending these email quotes to up to ten recipients containing up to:
  - Six hotel stay options | Three car options | Six different features
- Customer ability to book directly from the quote email
- Booking and editing groups seamlessly, including adding individual air, add-ons, rooming lists, viewing live group inventory, and more
- Applying group payments independently when bookings are made or in one lump sum-even moving money to individual bookings
- **APPLE ACCESS** function for your website, allowing customers to book online 24/7 ... and you to collect commission on it.
- Setting your own surcharge amounts based on individual reservation basis, with options to display them as part of the package price or as a separate fee
- Scheduling and applying payment, and sending email reminders
- Site Search functionality to quickly find related content
- TA Café and booking engine all on one site

### NEW TO VAX?
